BUDGET

Bookkeeper, Dudley Hand attended the board meeting to answer any questions regarding the budget. 1% cost of living increase. Councilman Binns stated part-time motor equipment operator with no benefits should have an increase of pay from \$18.25 to \$20.00. The transfer station attendant will remain the same as he receives tips. Health benefits will remain as is for the highway dept. Councilman Otis suggested the Town setting money aside for studies on water and sewage along Honoco Rd. Councilman Binns stated it would be a waste of money due to past experience and these being seasonal homes. Grants would be difficult to secure due to these homes being seasonal as well. Councilman Binns believes that if the residents want water and sewer, they need to pay for it. It would not be up to a resident who already pays for their own water and sewer to pay for someone else's.
