TOWN WEBSITE: Town Clerk Rose Marie Belforti informed the Ledyard Town Board that the Ledyard Town website has been difficult to keep current because the Cayuga County Technical Department has had numerous software issues over the past year that causes uploaded information to be deleted. Rose says it is very time consuming to get the minutes and other information onto the website, and when it is lost, it takes more time to fix it. She would like to see the website redone by a private web designer so that she would be able to maintain it more effectively.

Deputy Supervisor/Councilor Jim Frisch said he would call our Legislator Keith Bateman for advice on this matter, as well as to get an update on the high speed internet project for Ledyard.

DISPOSAL OF COMPUTER EQUIPMENT: Jim Frisch said he would take the obsolete computer equipment to an appropriate disposal center as soon as he can.
