VOTE: Unanimous Ayes

OLD BUSINESS:

1. Maximum height along lake shore.

Ron hasn't contacted Brian yet but will before next meeting.

2. Discussed amending ordinance to cover solar farms.

Claire told that in the Village of Aurora solar panels for personal use are to be mounted so aren't visible.

Cayuga County Planning Board held a meeting to discuss solar farms, which some members of this board attended and had copies of their general guidelines. Mark reported on highlights of the guidelines. Members decided they'd like to review the Cayuga County solar farm guidelines individually and be prepared to propose solar farm guidelines for the Town Of Ledyard at the next meeting.

3. Claire furnished copies of the Village of Aurora application for the Board to consider in developing their special permit application to improve record keeping. Ron will bring one that was previously proposed.

4. Fifth board member: no news on Shirley Egan yet.

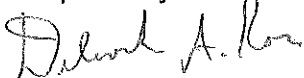

NEW BUSINESS: No new business

NEXT MEETING: Wednesday, January 11, 2017 at 7:30 pm

ADJOURN: Motion made by Mark and seconded by Claire to adjourn at 8:40 pm.
